Building a Visionary Brand for Adarsh Super Speciality Eye Hospital Through Social Media (2020-2024)

Introduction

Adarsh Super Speciality Eye Hospital, located in the heart of Shivamogga, has earned a reputation as one of the region's top eye care providers. Known for its cutting-edge technology and patient-centric approach, the hospital offers a wide range of ophthalmic services, including cataract surgery, glaucoma treatment, and paediatric eye care. With a mission to provide the best eye care services to the community, the hospital has continuously worked to raise awareness about eye health and promote its offerings. The social media campaigns, managed by Sunrise Digital Media, have played a pivotal role in this success, blending digital and offline strategies to reach and engage local residents.

Objective

The goal of this four-year campaign was threefold:

1. **Create awareness** about eye health among local residents and surrounding areas.
2. **Promote the hospital's services** as a premier provider of eye care in central Karnataka.
3. **Drive traffic and patient visits** through strategic social media engagement and offline activities like free eye camps.

Target Audience

- Local residents of Shivamogga, Davangere, Haveri, and Chitra Durga.
- Individuals seeking eye care services.
- Educational institutions such as schools, colleges, and community groups.

Platforms Utilized

- **Facebook**
- **Instagram**
- **YouTube**
- **Press Releases**

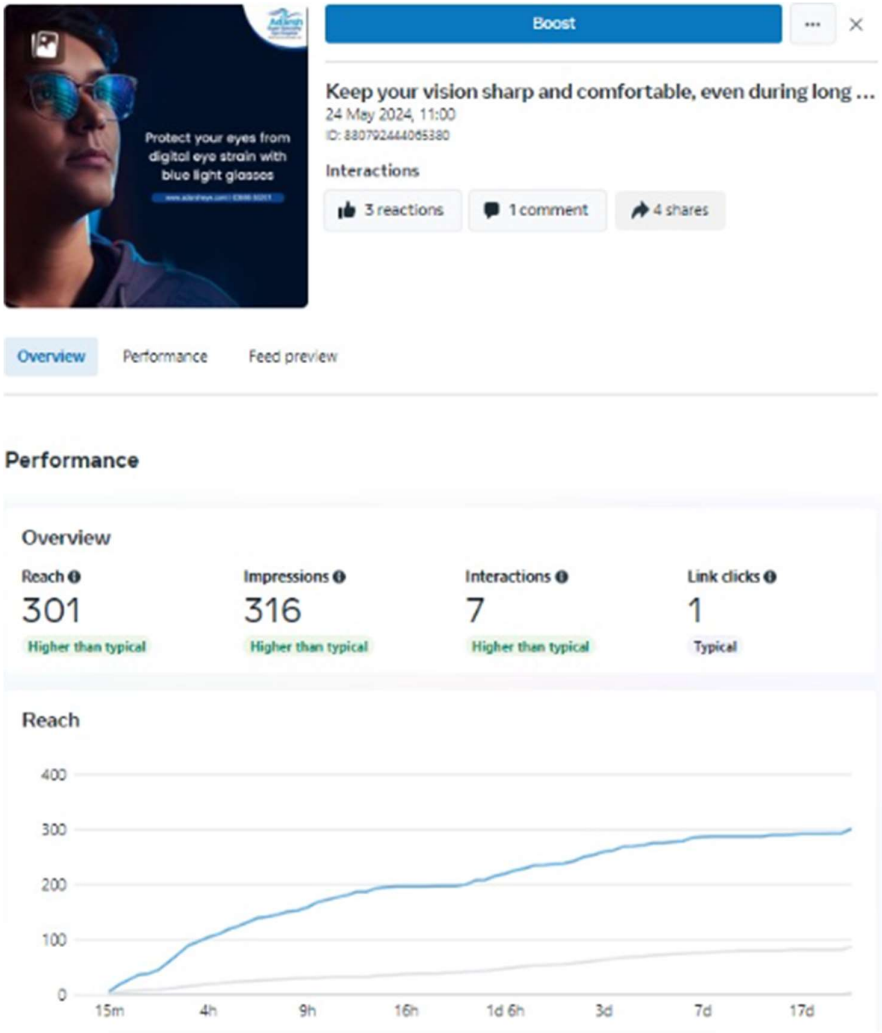

Campaign Phases

2020-2021: Glaucoma Awareness & Free Eye Check-up Camp

This campaign marked the hospital's social media debut, focused on glaucoma awareness through a free eye check-up camp.

- **Objectives**:
  - Raise awareness about glaucoma.
  - Promote the hospital's services.
  - Engage the local community.
- **Strategy**:
  - Organic growth through social media and press releases.
  - Free eye check-up camp to attract community attention.
- **Results**:
  - **Reach**: 2K
  - **Engagement**: 400+ people benefitted from the free camp.
  - **Impressions**: 10K
  - **Followers Growth**: 100

This launch phase laid a strong foundation, positioning Adarsh Super Speciality Eye Hospital as a trusted eye care provider while emphasizing the importance of eye health.

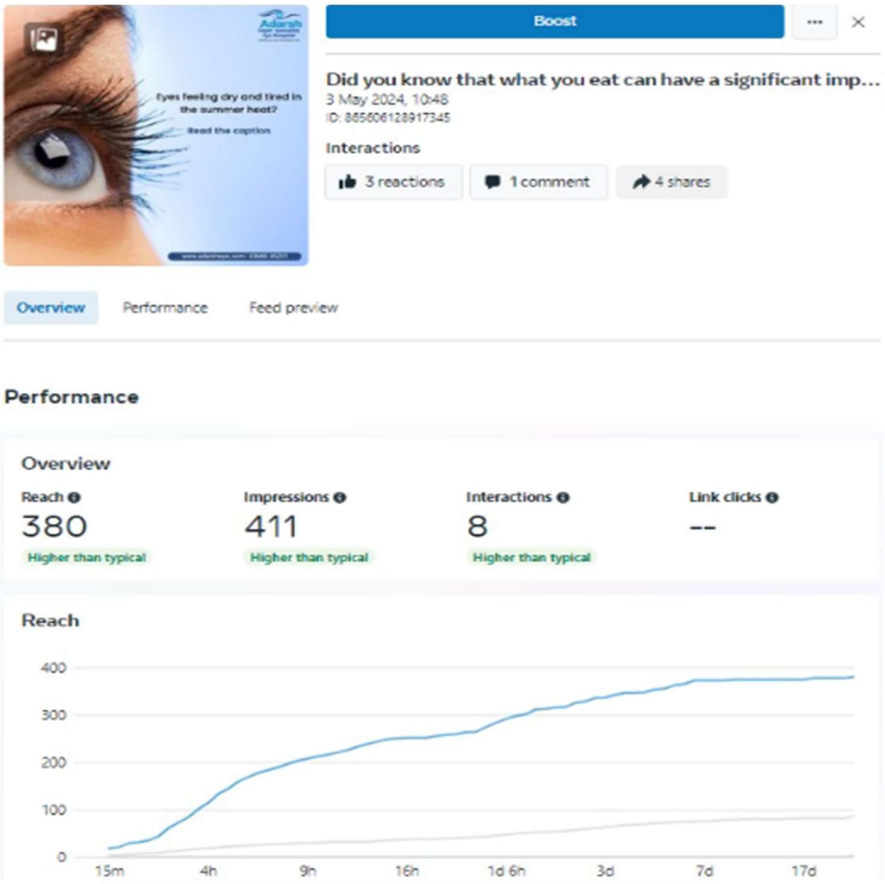

2021-2022: Eye Health Awareness and Hospital Promotion

This phase focused on building the hospital's brand further, utilizing engaging content like video shoots and awareness posts to establish it as a premier eye care provider.

- **Objectives**:
  - Promote the hospital’s services.
  - Increase awareness about general eye health.
- **Strategy**:
  - Video content showcasing hospital services.
  - Consistent posting of eye health tips on social media.
- **Results**:
  - **Reach**: 12K
  - **Engagement**: Over 300 patients benefitted.
  - **Impressions**: 13K
  - **Followers Growth**: 1K

By using videos and relatable content, the campaign saw a notable increase in both engagement and brand recognition.

2022-2023: Monthly Eye Health Awareness

This phase focused on consistency, with monthly campaigns aimed at educating the public on various eye health topics.

- **Objectives**:
  - Maintain a consistent social media presence.
  - Promote ongoing hospital services.
- **Strategy**:
  - Monthly awareness campaigns covering various eye health topics.
- **Results**:
  - **Reach**: 27K
  - **Impressions**: 55K

The hospital's online presence became more robust, as monthly engagement strengthened community awareness.

2023-2024: #CareForEye Deepavali Special & Ongoing Campaigns

During the Deepavali festival, a special #CareForEye campaign was launched to raise eye care awareness, complemented by ongoing community outreach efforts like free glaucoma check-up camps.

- **Objectives**:
  - Create special awareness during the Deepavali festival.
  - Continue community engagement through organic content.
- **Strategy**:
  - Deepavali-themed campaign combined with ongoing eye health posts.
- **Results**:
  - **Reach**: 49K
  - **Engagement**: Significant rise through the #CareForEye campaign.
  - **Ongoing campaign results**:
    - **Reach**: 111K
    - **Impressions**: 178K

The festive campaign was a success, significantly amplifying community engagement and creating a buzz around the hospital.

Overall Campaign Performance (2020-2024)

Over the four years, the Adarsh Super Speciality Eye Hospital's digital footprint grew significantly:

- **Facebook Total Reach**: 17.3M+
- **Instagram Reach**: 100K+
- **Total Engagement**: 37.6M+

Conclusion

Through the strategic efforts of Sunrise Digital Media, Adarsh Super Speciality Eye Hospital has successfully positioned itself as a leading eye care institution in Shivamogga and surrounding regions. The mix of organic and offline engagement, such as free eye check-up camps, awareness campaigns, and informative social media content, has led to significant growth in patient visits, online reach, and overall brand awareness.

The hospital's dedication to raising eye health awareness, combined with strategic social media campaigns, has not only driven significant traffic but also cemented its role as a community health leader, providing world-class eye care to thousands of individuals across Karnataka.
