To,
Truscan
JP nagar 7th Phase.
Bengaluru.

Subject :- Letter of Appreciation.

Respected Sir,

I am a Patient and had visited Truscan for an MRI, As per my Doctor's advice. I am a claustrophobic patient from 15 years and I have attempted to take an MRI multiple times and have failed everytime. Hence, I was adviced to take the scan with sedatives. but the sedatives failed to perform its function. It was Mr. Jorlin James, technitian of the MRI; he was the most empathetic and effective at his job that I could finish it without any sedatives. Hence, I would like to appreciate the personality along with the organisation. He is your valuable and most efficient employee and would request you to provide him with a good increment.

Gowri Prabha

Thank You.
