Russell Brunson Method · Sunrise Digital

THE SECRET FORMULA — 4 Questions First

1. Who is your dream customer?

Business owners in Bangalore — restaurants, clinics, real estate agents, D2C founders, startup founders — who are spending money on ads and getting zero results, or have NO digital presence and are losing to competitors.

2. Where are they?

- Scrolling Instagram and Facebook (business owners 28–50)
- Searching Google: "best digital marketing agency Bangalore", "social media agency near me"
- LinkedIn (founders, marketing heads, startup CEOs)
- YouTube watching "how to grow business online"
- WhatsApp business groups, Bangalore startup communities, BNI chapters

3. What bait attracts them?

Pain-point based FREE offer — something that calls out their exact frustration.

4. What result do you want to give them?

More leads, more enquiries, more sales — without wasting budget.
