Landing page for web developing 0.1

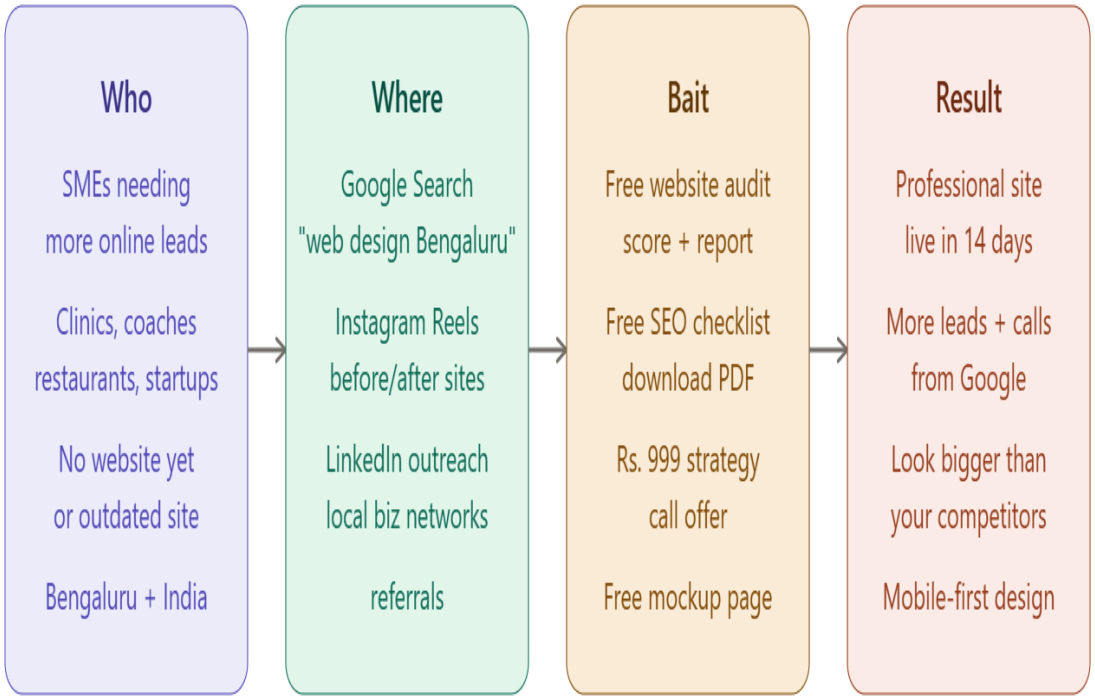

Core Values

Framework 1 — Value Ladder (climb from free to high-ticket, web dev edition):

The value ladder is the engine of Sunrise's entire business model. Every client starts at the bottom rung (free audit) and the goal is to walk them up rung by rung. Most agencies only sell the middle rung — the full website. Sunrise should be running all five simultaneously.

Framework 2 — The Secret Formula (who, where, bait, result for web development):

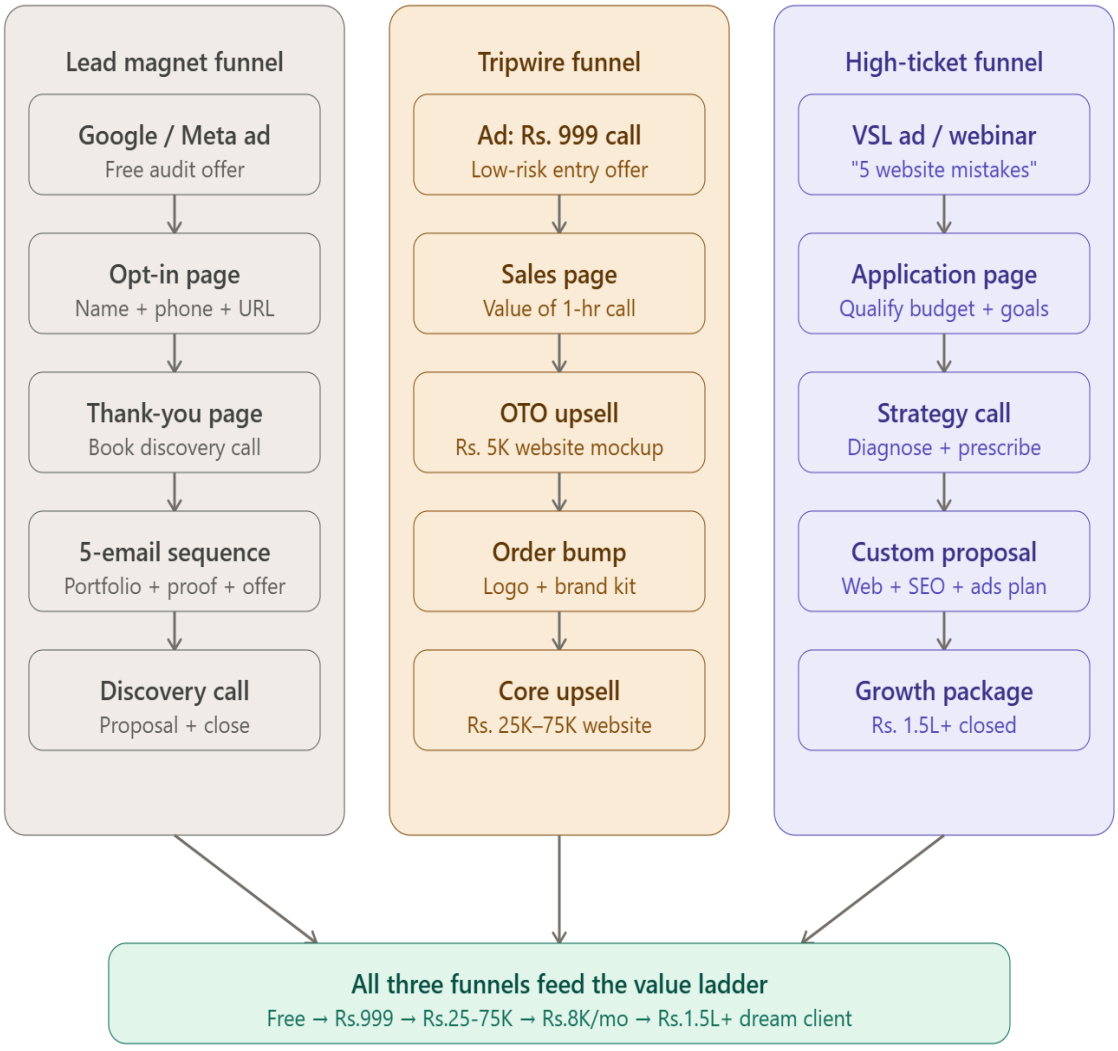

Answer these 4 questions before building any funnel or ad for Sunrise

Who + Where + Bait + Result = the message that stops the scroll

The secret formula is the brief Sunrise should write before every ad, every landing page, and every piece of content. Who are you talking to? Where do you find them? What do you give them for free? What outcome do they get?

Framework 3 — Three Sales Funnels running simultaneously for web development:

website & web development — every single step in order.

Phase 1 — Secret formula

Step 1 — Identify your dream client

SMEs, clinics, coaches, restaurants, and startups in Bengaluru who have no website or an outdated one and want more leads online.

Step 2 — Find where they gather

Google Search ("web design Bengaluru"), Instagram Reels, LinkedIn, local business WhatsApp groups, referrals from existing clients.

Step 3 — Choose your bait

Free website audit + speed score report. Irresistible for any business owner who wants to know why their site isn't getting them calls.

Step 4 — Define the result you deliver

A professional, mobile-first website live in 14 days that generates real leads. Look bigger than competitors and rank on Google.

Phase 2 — Value ladder

Step 5 — Rung 1: Free website audit (Bait)

Landing page collects name + phone + website URL. Deliver a PDF report with speed score, SEO gaps, and 3 quick wins. Cost to Sunrise: 15 mins.

Step 6 — Rung 2: Rs. 999 Strategy Call (Tripwire)

60-minute paid call reviewing their website, competitors, and a custom growth plan. Turns freebie taker into buyer. Low risk for client, high trust for Sunrise.

Step 7 — Rung 3: Full Website / Landing Page (Core Offer)

Rs. 20K–75K depending on pages, e-commerce, or custom features. Delivered in 14 days. This is the main revenue product — every other rung feeds here.

Step 8 — Rung 4: SEO + Maintenance Retainer (Profit Maximiser)

Rs. 8K–15K/month — SEO content, Google rankings, security updates, speed monitoring, monthly report. Converts a one-time project into recurring income.

Step 9 — Rung 5: Full Digital Growth Package (Dream Offer)

Rs. 1.5L+ — website + SEO + Google Ads + landing pages + CRO + monthly management. Sold to serious businesses who want complete online dominance.

Phase 3 — Lead magnet funnel

Step 10 — Run Google / Meta Ad

Headline: "Is your website losing you customers? Get a free audit in 24 hrs."

Target: business owners in Bengaluru aged 25–55.

Step 11 — Opt-in Landing Page

One clear headline, one form (name + phone + website URL), one CTA button "Get my free audit". No distractions, no menu, no links out.

Step 12 — Thank-you Page with Call CTA

"Your audit is being prepared — while you wait, book a free 15-min call with our team." Calendly embed. This is the first conversion moment.

Step 13 — 5-Email Nurture Sequence

Day 1: Audit report delivered.

Day 2: Case study (MedCare Clinic +180% leads).

Day 3: "How much does a website cost?" blog link.

Day 4: Testimonial video.

Day 5: Rs. 999 call offer.

Step 14 — Discovery Call → Proposal → Close

30-min call: understand goals, budget, timeline. Send custom proposal within 24 hours. Follow up twice. Close with contract + 50% deposit.

Phase 4 — Tripwire funnel

Step 15 — Ad → Rs. 999 Sales Page

Headline: "Get a 1-hour website strategy session for just Rs. 999."

List what they get: competitor analysis, custom roadmap, quick wins list.

Step 16 — One-Time Offer (OTO): Rs. 5K Mockup

Immediately after purchase: "Add a custom homepage mockup for just Rs. 5,000 — normally Rs. 12,000. This offer disappears when you leave this page."

Step 17 — Order Bump: Logo + Brand Kit

Checkbox on checkout: "Add a professional logo + brand colour kit for Rs. 2,500." Tick-box upsell — 20–30% of buyers will add it without hesitation.

Step 18 — Strategy Call → Full Website Upsell

End the Rs. 999 call by presenting the full website proposal. Client already trusts you. Offer Rs. 25K–75K project and deduct the Rs. 999 from the total.

Phase 5 — High-ticket funnel

Step 19 — VSL / Webinar: "5 Website Mistakes"

10-minute video: "5 mistakes Bengaluru businesses make with their website that cost them 50+ leads per month." Ends with "Apply for a strategy session."

Step 20 — Application Page: Qualify Prospects

4 questions: What does your business do? Current monthly revenue? Marketing budget? What is your #1 goal? This filters tyre-kickers before the call.

Step 21 — 60-Minute Strategy Call

Diagnose their situation, show the gap between where they are and where they want to be, then prescribe the growth package as the exact solution. Never pitch — diagnose.

Step 22 — Custom Proposal: Growth Package

Website + SEO + Google Ads + landing pages + monthly management. Show ROI projection: "If we get you 20 extra leads/month at Rs. 5K average — that is Rs. 1L/month revenue."

Step 23 — Close → Onboard → Deliver

Contract signed, 50% deposit paid. Kickoff call within 48 hours. Project brief collected. Weekly updates sent. Launch in 21–30 days.

Phase 6 — Retention + referral flywheel

Step 24 — Post-launch Care: 30/60/90-Day Calls

Call in 30 days: "How are leads coming in?" Call at 60 days: share traffic report. Call at 90 days: present SEO retainer proposal. These calls triple retention rates.

Step 25 — Retainer Upsell: SEO + Support

At the 30-day call: "Your site is live — now let's get it ranking. Our Rs. 8K/month SEO plan typically delivers first-page results in 90 days." Show case study.

Step 26 — Ask for Google Review at Peak Happiness

Ask on launch day — the exact moment the client sees their new site live. Send a WhatsApp: "We're so glad you love it! Would you mind leaving us a Google review? It takes 2 mins." Include direct links.

Step 27 — Referral Program: Rs. 5K Per Referral

Tell every client at handover: "If you refer a friend who signs with us, we will send you Rs. 5,000 cash or give you a free month of SEO." Simple, memorable, automatic.

Step 28 — Turn Client Results into Case Studies

After 60–90 days: collect results data (traffic, leads, revenue). Write a case study. Post on websites, LinkedIn, Instagram. One case study generates 5–10 new inbound leads.
