JULY 2026 HEALTHCARE BRAND

Made with GAMMA

ORGANIC VISIBILITY

Organic Visibility: A Major Breakthrough

July marked another milestone in our digital growth journey, delivering exceptional visibility across Facebook, Instagram, YouTube, and Google Business Profile. Consistent content publishing, engaging healthcare creatives, and awareness campaigns significantly expanded our online reach and strengthened brand recognition.

946.4K

MONTHLY SUMMARY

Summary: Breakthrough in Every Point

July was a month of breakthroughs across every channel we manage.

Facebook & Instagram

Combined **1.9M+ views**, powered by a 220% jump in published content and strong Reels performance. Interactions up **91.5%** on Facebook and **34.9%** on Instagram.

YouTube

Strengthened its role as an educational hub — **+13 new subscribers**, nearly **23,000 views**, and strong click-through performance with a 4.3% CTR.

Google Business Profile

Top local acquisition channel — **2,500+ profile interactions**, **1,172 calls**, and an impressive **229 new patient reviews**.

> Every core channel — organic reach, engagement, video, and local search — showed measurable, positive movement this month, proving that consistent execution across content, video, and local SEO is compounding into real digital growth.

NEXT STEPS

Next-Phase Focus: Strategic Improvements

Our focus for the upcoming month will be to:

01

Boost Interactive Content

Increase interactive content like polls, quizzes, and FAQs.

02

Optimize YouTube Assets

Improve YouTube thumbnails and titles for higher click-through.

03

Structured Review Collection

Set up a structured process to collect patient reviews.

04

Cross-Platform Reposts

Repost top-performing content across platforms.

05

Stronger CTAs

Add stronger CTAs to convert views into appointments.
