Social Media Performance

July 2026

1 July – 31 July 2026

A strategic overview of digital performance and key insights

01. ORGANIC VISIBILITY

Organic visibility is building

3.2K Instagram total views

Instagram: 607 accounts reached

Instagram reach increased 68.6%

1.1K Facebook total views

Both platforms grew without paid promotion

Instagram and Facebook visibility came entirely from organic content

02. ENGAGEMENT & GROWTH

Engagement remained consistent

119

Instagram content interactions

6

Instagram new followers

23

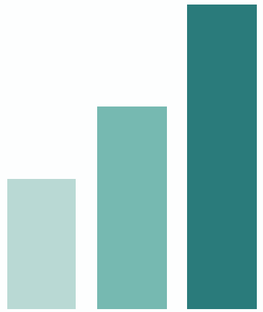

Facebook content interactions

32:39

Facebook watch time

Educational healthcare posts generated the highest engagement.

Interactive formats and more video can improve engagement further.

Engagement signals favor education

03. TOP PERFORMING CONTENT

Education and expertise lead

Instagram

Educational healthcare tips

Pregnancy awareness posts

Doctor consultation videos

Facebook

Infertility awareness campaign

Facebook: pregnancy care tips and doctor advice videos

Health education and expert-led content strengthen trust and organic reach

04. MOVING FORWARD

Next month: turn trust into momentum

> Summary: sustainable growth is being driven by an organic, education-first strategy

THE FOCUS AHEAD

01 Expand educational healthcare campaigns

02 Strengthen audience interaction with more interactive formats

03 Build on Instagram's reach growth while maintaining Facebook consistency
