REACH & VISIBILITY

Organic Visibility: Strong Digital Presence

Our content strategy continues to strengthen brand visibility and successfully reach both existing followers and new parents through organic content — with no paid promotion required.

212.8K

Organic Instagram Views

Total organic impressions generated in July 2026

62.1%

Views from Followers

Loyal audience consistently returning to engage with content

37.9%

Views from Non-Followers

New parent discovery driven entirely through organic reach

Over a third of all views came from prospective parents who do not yet follow the account — a strong signal that content quality is fueling organic discovery.

PROFILE ACTIVITY

Profile Performance

Strong profile activity indicates growing parent interest in learning more about the preschool and admission opportunities. Every profile visit represents a prospective family taking a deliberate step toward engagement.

COMMUNITY

Community Growth

10,538

Total Followers

A growing, engaged community of parents and families invested in quality early childhood education.

What's Driving Growth

Consistent Content Publishing

Regular posting cadence maintains audience momentum and algorithmic visibility

Trust-Building Storytelling

Authentic content strengthens trust among parents and prospective families

Parent-Resonant Messaging

Educational and lifestyle content speaks directly to families seeking quality early childhood education

Made with GAMMA

CONTENT STRATEGY

Best Performing Content

Content that highlights student experiences, celebrates milestones, and provides value to parents consistently outperforms other formats. Video content, in particular, drives engagement and reach among both followers and new audiences.

Top Reels

Short-form video content showcasing **classroom activities and authentic student moments**. Reels account for 63.7% of all interactions and are the primary driver of organic discovery among non-followers.

Top Posts

High-performing static content includes **announcements, milestone celebrations, and parent testimonials**. These posts build credibility and reinforce the school's values among the existing community.

Key Success Factors

The three pillars driving content performance: **authentic storytelling** that feels genuine, **strong visual appeal** native to the platform, and **parent-relevant messaging** that addresses what families care about most.
