Missing Profiles to Create

Highest Priority

- Lybrate – Uttarahalli
- ClinicSpots – Uttarahalli
- Credihealth – Uttarahalli

New Profiles Required

- Medindia (Both branches)
- Bing Places (Both branches)
- Apple Business Connect (Both branches)
- Sulekha (Both branches)

Current Challenge

At present, we **do not have the login credentials or ownership access** for several existing directory profiles.

Before optimization can begin, we need to:

- Identify profile owners.
- Obtain admin/claim access for existing listings.
- Create new listings where no profile exists.

Information Required for New Profile Creation(already we have)

- Hospital Name
- Complete Address
- Google Maps URL
- Phone Number
- Email ID
- Website URL
- Working Hours
- Emergency Contact
- Hospital Description
- Departments
- Doctor List
- Hospital Images
- Logo
- Social Media Links

Expected SEO Benefits

Creating and optimizing these profiles will help:

- Improve Local SEO rankings
- Increase Google Maps visibility
- Strengthen NAP (Name, Address, Phone) consistency
- Generate high-authority backlinks
- Improve brand trust across healthcare platforms
- Increase referral traffic
- Improve organic visibility for both Nano Hospitals branches
- Increase patient enquiries and appointment bookings

Recommended Next Steps

Phase 1

- Obtain access/ownership for existing profiles.
- Claim all available listings.

Phase 2

- Create missing branch profiles.
- Complete profile information with consistent NAP details.
- Upload hospital photos, doctors, services, and departments.
