NANO HOSPITALS

SEO Competitor Analysis

Uttarahalli Branch | September 2026 Search Performance

Concise review of Search Console data, local search observations, website pages and priority SEO actions.

Prepared from supplied screenshots and publicly visible website pages

1. Executive Snapshot

September 1–30, 2026 | Google Search Console (Web)

2.32K	98.1K	2.4%	8.2
Total clicks	**Impressions**	**Average CTR**	**Average position**
Approx. 2,320	Approx. 98,100	Clicks ÷ impressions	Across impressions

What is working

- Branded/local queries perform strongly.
- Homepage is the top click-driving page.
- Doctor-profile searches contribute traffic.

Main opportunity

- Improve CTR on local/service pages with high impressions.
- Strengthen speciality-to-branch internal links.
- Grow relevant non-branded service traffic.

Source: user-provided GSC screenshots. Metrics are rounded as displayed.

2. Top Pages in September

Top rows shown in the supplied Pages table

Page	Clicks	Impressions	CTR	Avg. position
Homepage	972	27,539	3.5%	4.5
Doctors listing	93	10,381	0.9%	3.9
Dr. Mohan M.R.	52	2,070	2.5%	5.3
BG Road branch	51	8,956	0.6%	3.9
Dr. Sumanth K.J.	46	305	15.1%	4.9
Uttarahalli branch	44	7,482	0.6%	3.7

Priority: Uttarahalli page

7,482 impressions but 44 clicks (0.6% CTR). Review title/snippet and query relevance.

Priority: Doctors listing

10,381 impressions and 0.9% CTR. Review how the page appears in search.

Data source: September date range shown in the supplied GSC screenshot.

3. Search Query Insights

Branded queries are strong; non-branded visibility is a growth opportunity

Query	Clicks	Impressions	CTR	Avg. position
nano hospital	411	4,634	8.9%	1.6
nano hospital uttarahalli	140	2,104	6.7%	1.0
nano hospital hulimavu	93	984	9.5%	1.1
nano hospital bangalore	44	231	19.0%	1.0
hospital near me*	7	1,375	0.5%	2.9
Dr. Sanjana Kumar gynaecologist*	15	97	15.5%	3.3

Strong branded visibility

“nano hospital uttarahalli” average position 1.0.

Non-branded opportunity

Filtered report: 271 clicks, 40K impressions, 0.7% CTR, avg. position 11.5.

*From Query: doesn't contain “nano”; doctor-name searches may still be navigational.

4. Website SEO Audit

Reviewed three speciality pages and the Uttarahalli branch page

Bone & Joint Care

Existing orthopaedics page covers care and treatments. Improve Uttarahalli relevance and links to relevant doctors.

Brain Care

Existing neurology page. Link clearly to branch-specific doctors, available services and related condition pages.

Women Care / Obstetrics & Gynaecology

Existing women's health/maternity content. Verify branch availability and link relevant doctor/service details.

Uttarahalli branch page

Includes address, phone, doctors, facilities and FAQs. Use it as the central local landing page.

First actions: (1) verify branch-specific services, (2) connect speciality ↔ branch ↔ doctor pages, (3) review titles/snippets on high-impression pages.

URLs: /specialities/bone-joint-care | /specialities/brain-care | /specialities/obstetrics-and-gynaecology-women-care | /uttarahalli

5. Local Competitor Observations

User-supplied Google results screenshots; rankings vary by location and time

Search theme	Example result	Rating / reviews shown	Observation
Orthopaedics	Med Ortho Clinic	4.9 / 543	Local pack visible; Nano organic result appeared below directories.
Neurology	Nano Hospitals Uttarahalli	4.7 / 881	Nano appeared in local results; Practo and specialist pages also visible.
Gynaecology	Dr. Harshitha – Spectra Women's Clinic	5.0 / 350	Practo, Cloudnine and Apollo 24/7 appeared organically.
Maternity	Motherhood Hospital	4.8 / 11K	MiracleHealth and Yogananda also appeared in local results.

What this suggests

Competitors use local listings, directories and dedicated specialty/location pages.

Data limitation

Ratings are screenshot snapshots. Competitor GSC, backlink and keyword-volume data were unavailable.

6. Priority Action Plan

Recommended sequence for the next SEO cycle

#	Priority	Action	Reason
1	High	Review Uttarahalli page title/snippet	High impressions; low CTR in September GSC.
2	High	Strengthen internal links	Connect branch, speciality, doctor and condition pages.
3	High	Improve local service relevance	Add accurate branch-specific services and doctor details.
4	Medium	Optimise doctor profiles	Clarify speciality, location, qualifications and appointment info.
5	Medium	Review non-branded queries	Prioritise relevant service searches and landing-page fit.
6	Medium	Benchmark competitors monthly	Record local pack, page types, reviews and organic changes.

Limitations & evidence

- GSC values are from supplied screenshots and rounded as displayed.
- Competitor ranks/reviews are point-in-time observations, not guarantees.
- Technical tags, Core Web Vitals, backlinks, competitor traffic and AI citations were not verified.
